

## Email Distribution Lists Made Easy!

### Use your HR-Data for dynamic distribution lists

Ingentis *distribution.list* provides you with an easy solution for the creation of email distribution lists. The recipients are determined by your pre-defined and dynamic criteria from other leading systems (e.g. HR or CRM). Thanks to automated data synchronization your email distribution lists will always be up-to-date. Next to the direct email distribution via Ingentis *distribution.list* the program also enables the automated synchronization of various distribution lists across your mailing system. Therefore various distribution lists are always available on your preferred mailing system.

### Compatibility with all data sources

Ingentis *distribution.list* can be linked via standard interfaces fast and easily to leading human resource management software and any other data source:

- SAP®
- Peoplesoft®
- Oracle®
- P&I®
- Excel / CSV
- ODBC
- LDAP
- etc.

### Customer Profile

- Mid sized companies from 200 employees up to multi-national organizations with more than 500,000 employees
- All industries including public organizations
- Need for updated distribution lists and user groups

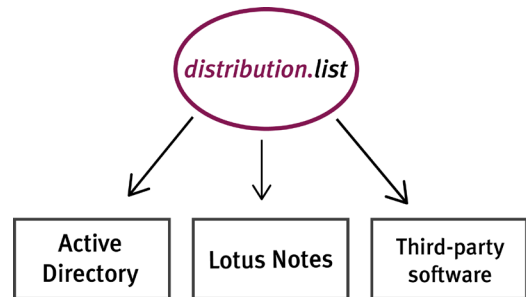

## Email Distribution Lists Made Easy!

### Synchronization to your mailing system

Distribution lists can be synchronized automatically and time-controlled with your existing mailing system.

Available are interfaces for:

- MS Exchange / Outlook
- Active Directroy
- Lotus Note

### Email Distribution

Launch an email distribution directly from Ingentis distribution.list. Similarly to your standard mailing software you can freely edit the request, attachments, and content of the mail. Furthermore the use of individual email templates ensures that, for example, guidelines of corporate identity are complied with. The mail merge function is another additional tool, which guarantees a personalized client correspondence.

### Your benefits:

1

No manual effort

2

Updated and accurate distribution lists

3

Easy and quick implementation

4

You save time

5

More comfort for your staff
